PERTH FESTIVAL

WELCOME

Perth Festival curates and presents an annual arts festival of the highest international quality. We aspire to create new work and stimulate discourse about Western Australia and our place in a complex and political world.

The Festival's ambition is to lift audience expectations and opportunities for Western Australian arts practice, contributing to a vibrant and resilient culture.

Under the leadership of Artistic Director Iain Grandage, Perth Festival has committed to presenting work by the world's leading artists with disability. This commitment addresses a core value of the Festival's artistic vision to celebrate difference and develop diverse audiences.

In partnership with DADAA, Perth Festival will champion accessibility for artists and audiences. This partnership will create opportunities for a dynamic exchange of ideas and practice between visiting international artists with disability and the Western Australian and national arts community and audiences.

This guide contains useful information about our accessible performances and how to book for them including Audio Description, Tactile Tours, Captioned and Auslan interpreted performance along with a detailed venue guide.

If you require additional information, please contact us on 08 6488 8616 or access@perthfestival.com.au and we will be happy to assist. Further information can also be found on our website perthfestival.com.au

PERTH FESTIVAL

AUDIO DESCRIBED & TACTILE TOUR PERFORMANCES

Audio Described performances provide people with vision impairment live commentary of the visual elements of a performance via a personal headset.

They will describe information such as facial expressions, costume, scenery and action sequences without intruding on the actors' dialogue. Patrons utilising the service are advised to arrive at the venue at least 20 minutes prior to the performance to collect their equipment from the Front of House and be comfortably seated. The commentary will commence 10 minutes prior to the performance.

If you would like to take advantage of the Audio Description service, please let us know when booking to reserve your headset.

Tactile tours may also be provided as part of the Audio Description service. The guided tour is conducted prior to the performance and gives patrons with vision impairment and their companions an opportunity to be escorted onto the set and handle a selection of costumes and props. During the tour, the audio describers will describe the items being introduced and how they will feature in the performance.

Tactile tours are free but should be booked in advance.
